EXPERIENCE

Candidate Software Engineer

Havelsan

Sep 2018 - Present

Ankara, Turkey

- Working on military projects.

Ambassador

IBM

Jul 2018 - Present

Istanbul, Turkey

- Selected as Bilkent University Campus Ambassador
- Completed Data Science training.

Summer Intern

IBM

Jul 2018 - Aug 2018

Istanbul, Turkey

- Completed IoT projects, used IBM Cloud services with Arduino Yun and Raspberry Pi.

Undergraduate Researcher

Bilkent University Cicek Lab

Feb 2018 - Present

Ankara, Turkey

- Built a parameter optimizer for Spatio-Temporal Steiner tree algorithm.

ACHIEVEMENTS

IBM Ambassador Summer School Certificate

Completed 60 hours of training about IBM Cloud Services.

High Honor Certificate, Bilkent University

Received in Fall 2016, Spring 2017, Fall 2017, Spring 2018.

Neural Networks and Deep Learning Certificate

Completed a course of Deep Learning Specialization on Coursera.

ÖSYM University Entrance Exams

Rank: 871th among 2 million candidates.

LANGUAGE

Turkish

Native Proficiency

English

Full Professional Proficiency

EDUCATION

B.Sc. Computer Science

Bilkent University

Aug 2015 - Dec 2019

Ankara, Turkey

- Comprehensive Scholarship, CGPA: 3.65 / 4.00

Science High School Diploma

Meram Science High School

Aug 2011 - Jun 2015

Konya, Turkey

- Diploma Score: 93.47 / 100

PROJECTS

Enigma's Puzzle Solver

Artificial Intelligence course project for solving NY Times Crossword.

STARS League

Football tournament simulation which is created with JavaFX.

Nemo Music

Web-based social music platform implemented with Flask and SQL mainly.

Real Estate Wizard

Java desktop application for both agencies and users to put and search estates and interact.

★ SKILLS

C++

Java

Python

C

Javascript

SQL

HTML

CSS

Unix

MIPS

System Verilog

Node-RED

LaTeX

Algorithms and Data Structures

Game Theory

Internet of Things

Object Oriented Programming

Database Design

Artificial Intelligence
